

Data Sheet

Fujitsu Charging Cabinet 10 Bays

Store, charge and synchronize

The Fujitsu Charging Cart series is the ideal solution for charging, storing and managing laptops, tablets, and other mobile devices. They are essential for modern classrooms and offices.

Elegant Small Foot-Print Design

- Special housing engineered to create a compact yet durable light weight structure for storing your valuable devices.

Easy Maneuver

- The design is completely stackable and can be arranged in any form that fits your environment. The optional heavy duty 2" caster wheels make the cabinet easily maneuverable even stacked up. Optional bracket for wall mounting is also available.

Intelligent Charging and Synchronization

- Intelligent charging engine can detect the optimal charging profile compatible with your device. Charging status of each bay can be monitored by the LED indicator on the corner of the cabinet.

Secured Storage

- Protect your devices against theft with the built-in three points steel locking system.
